

# ICFOG2025

# SAVE THE DATE

## June 3–6, 2025

Rollins School of Public Health  
R. Randall Rollins Building  
Atlanta, Georgia

**Presented by the International  
Consortium for Freezing of Gait and Emory University**

### **ABOUT >**

The International Consortium for Freezing of Gait (ICFOG) was developed in 2023 with first elections of officers in 2024. ICFOG is an organization of researchers, clinicians and engineers interested in the study of FOG. More information about ICFOG is available at [icfog.org](http://icfog.org)

The ICFOG2025 meeting in Atlanta, GA is the first international research meeting under the ICFOG umbrella. It will cover updated presentations on clinical features, pathophysiology, technology and more. This conference welcomes interested clinicians, scientists, engineers as well as industry collaborators.
